« **Subject: (LoI) Letter of Intent for the Purchase of Tuna Fish**»

I hope this letter finds you well. I am writing to you on behalf of our bulk buyers , a company based in different countries (Gulf / Africa), specializing in the import and distribution of high-quality seafood products. We have reviewed your company profile and are keen to explore the possibility of establishing a business relationship for the procurement of tuna fish.

Buyers are particularly interested in the supply of premium-grade tuna fish and would appreciate detailed information on the following points to better understand your offerings:

1. Types and Quality of Tuna Available:

- Please provide information on the different types of tuna you supply (e.g., Yellowfin, Skipjack, Albacore, Bluefin...) along with the available grades. It would be helpful if you could include details on the quality standards and any unique attributes of your products.

2. Monthly Supply Capacity:

- They are looking to purchase approximately [desired quantity, e.g., 50+ metric tons] of tuna fish per month. Kindly confirm if you can meet this volume on a consistent basis. Additionally, provide details on your minimum order quantities and lead times for delivery.

3. Pricing Details:

- They request a quotation for your tuna fish products on a **CIF (Cost, Insurance, and Freight) basis** to key ports in Africa and the Gulf countries. If pricing differs by destination, please provide separate quotes for each location.

4. Payment Terms and Conditions:

- Please outline your standard payment terms (e.g., Letter of Credit, Telegraphic Transfer in advance, etc.) and any flexibility you may offer for bulk or long-term orders. We are open to discussing terms that are mutually beneficial.

5. Export Compliance and Certifications:

- Confirm whether your company holds all necessary export authorizations and certifications required for international trade, particularly to the African and Gulf markets. This should include health and safety certificates, sustainability certifications (e.g., Marine Stewardship Council – MSC... etc), and any other relevant documentation.

6. Additional Information:

- We would also like to know about your packaging options, shelf life of the products, storage and handling recommendations, and any other conditions related to the supply of your tuna fish.

Given our interest in a long-term partnership, we would appreciate a prompt response to this inquiry, including any additional information you deem relevant. Should you have any questions or need further clarification, please feel free to contact me directly at +99...Number or via Email fish-food-trading.

Thank you for your attention to this matter. We are looking forward to the possibility of working with you and hope to build a mutually beneficial business relationship.
